FISCAL IMPACT STATEMENT

LS 6513

BILL NUMBER: SB 366

NOTE PREPARED: Dec 19, 2007

BILL AMENDED:

SUBJECT: Standards for Tutoring Services.

FIRST AUTHOR: Sen. Skinner

FIRST SPONSOR:

BILL STATUS: As Introduced

FUNDS AFFECTED: X GENERAL
DEDICATED
FEDERAL

IMPACT: State

Summary of Legislation: This bill establishes minimum requirements for providers of tutoring services to students under the federal No Child Left Behind Act.

Effective Date: July 1, 2008.

Explanation of State Expenditures: The bill would require providers of student tutoring services under the federal No Child Left Behind Act to meet the following requirements:

1. Provider's program aligns with state and local standards.
2. Providers will communicate and coordinate with students' teachers.
3. Provider's tutoring content will link with students' academic programs.
4. Tutors meet the minimum standards for a paraprofessional.
5. Tutors who teach at least six students during a single session have experience in managing a classroom.
6. Provider's program has improved student achievement for students previously served by provider.

The Department of Education is to revoke a contract with a provider if the provider fails to meet the above requirements. The Department also has to establish a complaint procedure and investigate complaints.

The Department of Education could incur some additional expenses due to the complaint procedures and investigation of complaints. The increase in expense would probably be minor.

The funds and resources required above could be supplied through a variety of sources, including the

following: (1) existing staff and resources not currently being used to capacity; (2) existing staff and resources currently being used in another program; (3) authorized, but vacant, staff positions, including those positions that would need to be reclassified; (4) funds that, otherwise, would be reverted; or (5) new appropriations. Ultimately, the source of funds and resources required to satisfy the requirements of this bill will depend upon legislative and administrative actions. On December 17, 2007, the Department of Education had 14 vacant positions valued at about \$140,000. Of the 14 positions, one had been vacant for more than two years. The Department of Education reverted about \$5.2 M to the state General Fund on June 30, 2007.

Background: For FY 2008, the state approved approximately 58 providers of tutoring services to students under the federal No Child Left Behind Act. During the 2006-2007 school year, 5,682, or 24%, of 23,380 eligible students received supplemental education services under the No Child Left Behind Act. The current provider's application requires all tutors to meet federal and state standards for paraprofessionals. Providers are also required to offer a minimum of 30 hours of tutoring.
